MALDIVES MAGIC - THE OUTER ATOLLS

Enjoy uncrowded surf breaks and onboard wellness courses, or simply relax and take it all in.

Epic has selected the Maldives due to our belief that this unspoilt destination offers the best surf trip on the planet. A boat trip here combined with private seaplane access allows you to surf a range of breaks suited to most abilities. Entry level surfers will find themselves able to catch and angle green waves. Fun, easy rides can be found even in the largest of swells.

But the best news is you virtually have it to yourself. The 'outer atolls' are away from tourists and development and, while the Maldives is starting to feature on more surf aficionados' maps, Epic's philosophy is to capture the true spirit of a surfing adventure and find you the empty line-ups on secluded breaks. This is largely thanks to the expertise of our local guides. The combinations of wind, tide and swell direction across the

1,200 low lying islands are endless. This means that only the most experienced of guides have the knowledge to deliver their guests to the best spots at the right times on a consistent basis.

In addition to surfing, a unique wellness programme is offered whilst aboard our luxury vessel. Professional coaches conduct body and health analysis, as well as breath enhancement training, *xi gung*, diet analysis and yoga. This is a cutting edge programme that can be taken alone, or combined with surfing (and learning to surf) to maximise the enjoyment of your time in the water.

The ten day programme includes seaplane transfers by "air taxi" from Male, the capital of the Maldives.

- This programme is **fully customisable**.
- Minimum age 12 years.
